

>The Great Reset_

In the next few months, the fate of all humanity is
in **YOUR** hands!

**Make up your
mind!**

Version 1:

Commitment to the "Federal Republic of Germany"

- The "Federal Republic of Germany" ("FRG") is not a state, but the Anglo-American trustee and occupation administration for the militarily defeated enemy state "Germany".

- Foreign domination, maritime & commercial law, piracy, statelessness, lawlessness, permanent state of war and terror against the whole of humanity.

- Introduction of a fascist world dictatorship via introduction of "Global-Governments = One-World-Government" of the "New World Order" (NWO) of Rome

- Introduction of a Nazi synchronised, Nazi planned economy - 4th industrial revolution <<The Great Reset>> "COVID-Masterplan".

- Abolition of cash for the purpose of total surveillance, control and management of all payment transactions by Artificial Intelligence (AI)

- Full privatisation of all human livelihoods and social coexistence.

- Destruction of all sovereign nation states in favour of fully privatised economic areas such as the "European Union" ("EU") and others

- Abolition of most jobs through Artificial Intelligence - humans will become superfluous = Nazi plan "Future without humans" - "COVID Master Plan" of the New World Order etc....

Version 2:

Commitment to the sovereign state of Germany = international law & rule of the people.

- Immediate abdication of the Anglo-American FRG occupation administration and restoration of the capacity to act of the state of "Germany" under international law and thus an end to the war-mongering EU-NATO dictatorship in Europe.

- ending the Second World War by concluding peace treaties with more than 54 warring nations

- Imperative fulfilment of the Potsdam Agreement through denazification and demilitarisation of Nazi Germany, which has not perished - Article 139 in conjunction with Article 146 Basic Law for the FRG

- Activation of international law and natural law in Germany liberated from Nazism and militarism

- Abolition of the private debt money system by means of state banking sovereignty and reversal of all illegal privatisation on German soil

- Establishment of the conceptual security of social systems in Germany, subsequently in Europe and for all peoples of the world.

- Immediate stop of the NWO programmes of private conspirator NGOs like the "World Economic Forum" etc....

The Great Reset

Nazi Germany has not perished!

The FRG is not Germany!

**The Second World War
has not ended!**

**Continued application of the
denazification provisions
- Article 139 Basic Law**

=

**the Potsdam Agreement must be
implemented immediately!**
